## **Open-Ended Questions (add paper if necessary):**

1) When one is a counselor they are there for the campers and don't get to play games or make things for themselves. With this in mind, why the heck do you want to be a C.I.T. instead of continuing to just come to camp in our TACTICAL and THEATRICAL sessions for older kids?

2) Why do you think you'd be able to make the transition from camper to counselor?

3) Have you ever held a job? Describe your duties and how well you performed them.

4) What do you imagine your duties as a volunteer at AiC will be?

5) Can you describe a time that a counselor, a JC or a CIT made your day? What about that interaction was really special? How can you bring that kind of special to campers while you are a CIT?

6) How would you handle a younger kid who gets mad easily? What about an older kid?
